

A protest which featured virtually all elected officials from our area, numerous community leaders and representatives of Veteran's groups was held on May 3, 2006.

Bidders for the property were greeted by over **two hundred** sign-carrying protesters and local media.

Thanks to all who took the time to oppose the land swap and to support Veterans and our community.

The federal government, in a continued attempt to develop land dedicated to Veterans, is attempting to transfer its Army Reserve property to commercial developers.

It is our position that given the terms of the deed, that the Army does not have the right to sell or trade it. It is for Veterans forever. We want the federal government to keep its commitment to Veterans and act as responsible stewards for this valuable land.
